

Step-by-Step
Fold and Cut
Patterns

Christmas-Pattern-007

Materials: scissors, two 4"x4" or 6"x6" different colored square paper, clear glue.

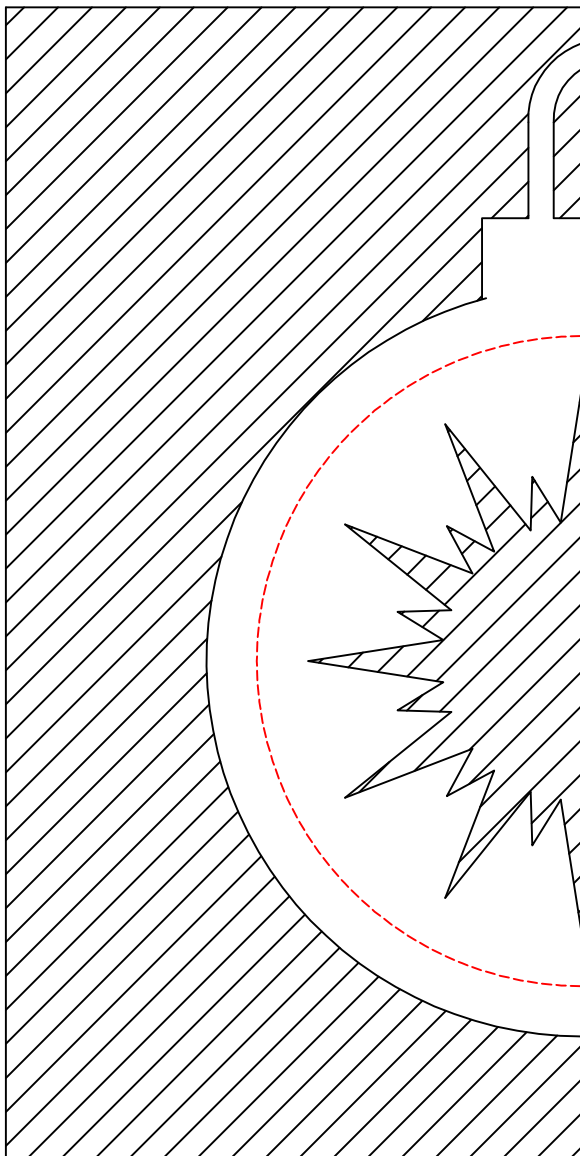

Symmetrical folding instructions:

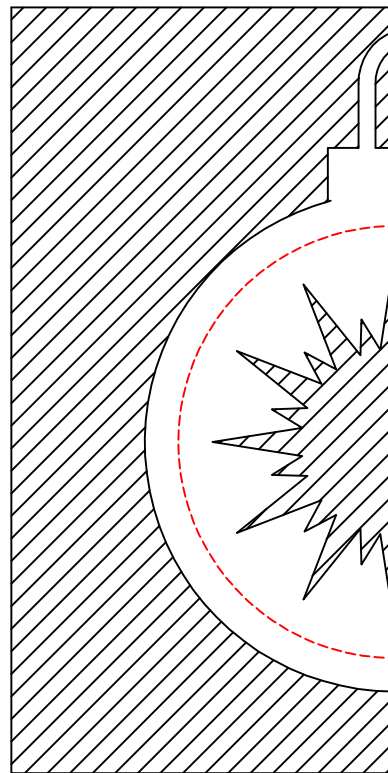

Finished cutting
Christmas-Pattern-007

Instructions:

1. Use two different color paper.
2. Whatever the color you like for the top layer, follow the pattern solid line to cut it.
3. Use the second piece paper follow **red dashed** line to cut.
* Don't need to cut the center part, after cut out this piece should like a circle.
4. Then glue these two cut out paper together.
5. You can use any color that you like or see the examples.

6"x6" square paper pattern

4"x4" square paper pattern

Note: Cut out the hatched parts.
